SHAW

KAREN
Where are you?

SHAW
Just pulled into Elk City.

KAREN
Is it still open?

SHAW
Barely. Everything's blocked off
but Route 66.
(beat)
Looks like a fuckin' A-bomb went
off here.

KAREN
It always looks like that.

SHAW
You almost here?

KAREN
25 minutes out. I really need to
make a pit stop.

SHAW
Keep your eyes peeled when you get
near the Medical Center.

KAREN
Why?

SHAW
Checkpoint. Sheriff will want his
pet doctor to examine you, and then
you can refuel from one of his
tankers.

KAREN
What's it going to cost me?

SHAW
Depends. What are you hauling?

(CONTINUED)

CONTINUED:

KAREN

Twenty-two tons of dried noodles
for Saint Louis.

SHAW

Nice. I hope you're packing heat.

KAREN

Always. This stuff is worth its
weight in gold. And without me,
they'll never find the booby trap.

SHAW

Good luck at that checkpoint.

KAREN

Roger that.
